

Advanced Certified ScrumMaster™

Description

Our interactive Scrum Alliance Advanced Certified ScrumMaster™ training includes thought-provoking exercises and discussion followed by applied learning at your work and written reflection. You'll learn fundamental facilitation and coaching techniques, as well as a range of Agile and Lean values and principles with a focus on team dynamics.

We use brain friendly, science based, accelerated learning techniques to help you really learn and increase your knowledge retention.

A one-to-one coaching session is included as part of the course – a valuable opportunity to reflect and challenge yourself to become an even better ScrumMaster. Further coaching support is available if you want to explore this powerful tool for professional and personal development.

Why this course?

- Deepen your knowledge of the ScrumMaster accountabilities within Scrum - the most popular Agile framework and continue your agile training journey
- Become a Scrum Alliance Advanced Certified ScrumMaster®
- Gain the best Advanced ScrumMaster certification and the most recognised and in demand certification from employers and recruiters
- Take a significant step in your agile journey to Certified Scrum Professional and agile coaching certification of Certified Team or Enterprise Coach

What about exams and certifications?

There are no exams for this course and on successful completion of the full programme you will be granted your Scrum Alliance Advanced Certified ScrumMaster certification.

What you'll come away with

After the course, you'll come away as an A-CSM™. You'll have grown in confidence and knowledge and be able to coach, motivate and facilitate teams and individuals more effectively.

You'll be able to:

- Coach teams, product owners and stakeholders effectively
- Use a range of techniques to improve team performance
- Facilitate teams, using different facilitation models
- Organise collaborative meetings
- Identify, analyse and resolve impediments
- Deal with conflict more effectively
- Demonstrate a coaching stance
- Explain Scrum to your organisation
- Foster your own self-organisation using specific techniques
- Share your understanding and examples of Empirical Process Control
- Facilitate the creation of a Vision and Product Backlog
- Facilitate the creation of a definition of Done
- Describe a wide range of Agile and Lean concepts and understand their context
- Understand team development models
- Describe a number of engineering practices and how they affect a team's ability to deliver a potentially shippable product increment
- Compare and contrast different scaling options
- Understand Servant Leadership
- Become more self-aware of yourself as a ScrumMaster

Who is this course suitable for?

This course is for ScrumMasters and Agile Coaches with at least a years' experience in the role. You must have Agile experience as the course will build on your experiences in order to deepen your understanding of Agile and yourself.

Why choose BeLiminal?

Our training has a depth and a power that inspires and changes you. Our trainers are some of the most experienced in the world and have rich insights into the changing world of work and a passion for transforming teams and organisations. They are able to bring your training alive by revealing its true power – helping you unleash your own potential as well as the potential of those you work with.

In addition you benefit from: -

- Delivery of a virtual course that has been designed from the ground up for virtual delivery using best practice tried and tested techniques to provide an engaging and compelling virtual experience
- Reduced class size for virtual courses to ensure our attendees have the highest quality learning experience possible.
- Shorter training days which are vitally important when training in a virtual manner that enhance your learning experience and increase your knowledge retention
- Highly respected Scrum Trainers and Coaches with decades of experience delivering high-quality Scrum training and implementing and coaching Scrum in the real world – 5/5 star rating (from Google Reviews)
- Course Net Promoter Score (NPS) is 72 (above 70 is classified as “world class”)

What people say about this course

“The next step in understanding what you can do to help your teams grow” - Joshua Tasker

“Some thought provoking ideas to bring back to the teams - and some light bulb moments for problems that have been bubbling under for a considerable period of time” - Debbie Jolley

“I really enjoyed the training session with Mark, he's been a wonderful trainer. He gave time to explaining my questions and explained things thoroughly whilst giving us lots of time to break into groups and to further expand and test our knowledge. I'd highly recommend this course to anyone who's looking to dive a bit deeper into the ScrumMaster role” - Manisha Singh

“Knowledgeable, engaging and PowerPoint free!!” - Ian Davies

“Engaging, knowledgeable and open. Mark effectively coached us through the course, giving us boundaries to operate within but the space to also explore new ways of working individually and as a team... Genuinely, I would say he was the best trainer I have had” - Michael Connolly
